

OSU Sports Medicine

OSU Sports Medicine is proud to be the provider of athletic training services to Scioto Valley RFC. OSU Sports Medicine offers a comprehensive interdisciplinary approach to the prevention and treatment of injuries in athletes and active individuals. The OSU Sports Medicine staff is available to meet the medical needs of your athletes. We can provide sports physicals, injury/illness evaluation, concussion assessment in addition to many other sports medicine services.

An athletic trainer will be on site for every rugby match to provide assistance for preventive taping, injury evaluation and general first aid. Tim Higgins ATC will coordinate the rugby coverage, assisted by athletic trainers who have experience working with rugby players. Tim has worked with rugby teams on every level. He has worked with the Chicago Griffins RFC (a Super League rugby team) and has assisted with the USA Rugby Eagles 15's. As a member of OSU Sports Medicine, Tim has gone on tour with the USA Eagles 7's for the Wellington 7's tournament in New Zealand and the US 7's tournament in Las Vegas.

If you have questions, please contact **Tim Higgins, ATC** at **614.293.3600**.

Thank you in advance for having us at your games. Best wishes for a healthy and successful season.
